Balcony, Bathroom, Bedroom, City View, Deck, Fireplace, Floor to Ceiling Windows, Garden, Kitchen, Living Room, Modern Contemporary, Rooftop, Staircase, Stoop, Terrace Patio, Wood Floor

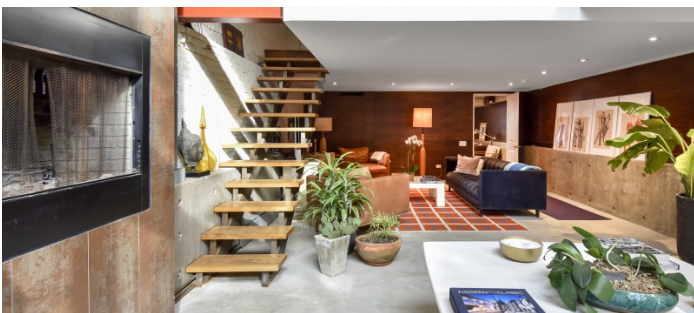

Notes

Meticulously transformed 4-story 1899 townhouse into a contemporary, industrial-inspired dream home in the heart of Red Hook. A complete renovation of the then one-family residence allowed for multiple living/entertaining areas, generous bedrooms, a home office, and double-height ceiling bottom floor.

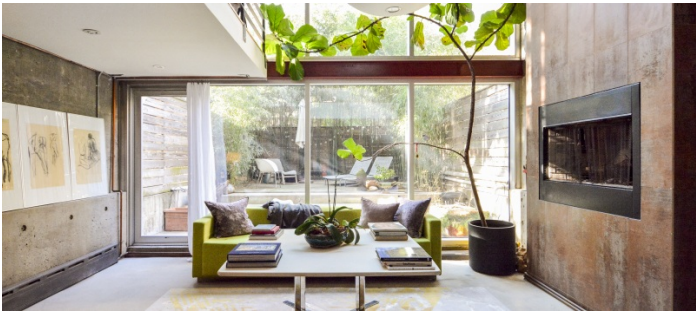

Blissful outdoor space is provided by a private Zen garden covered with 20'-high bamboos, and a wonderful rooftop terrace sanctuary.

Restrictions:

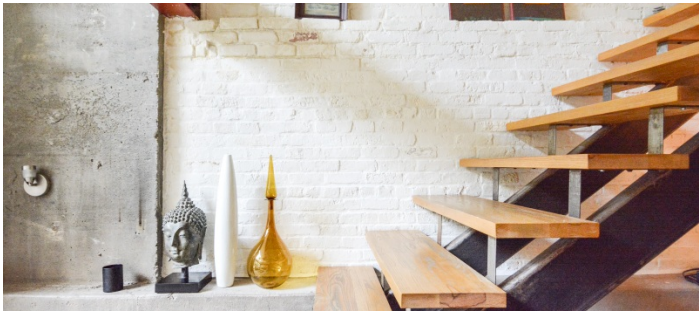

Professional floor protection required.

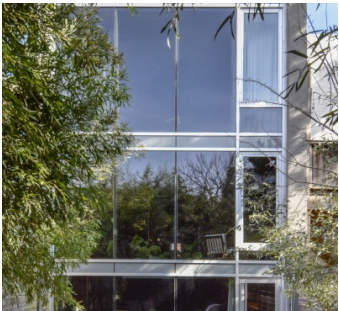

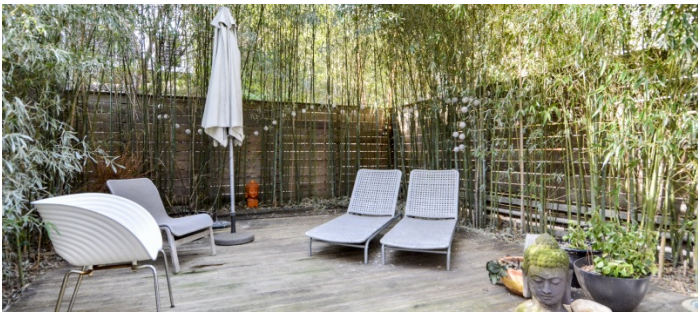

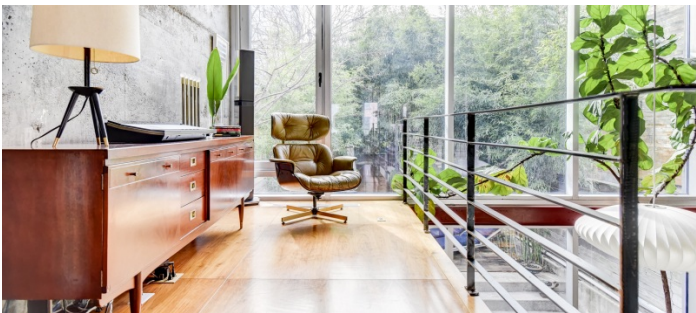

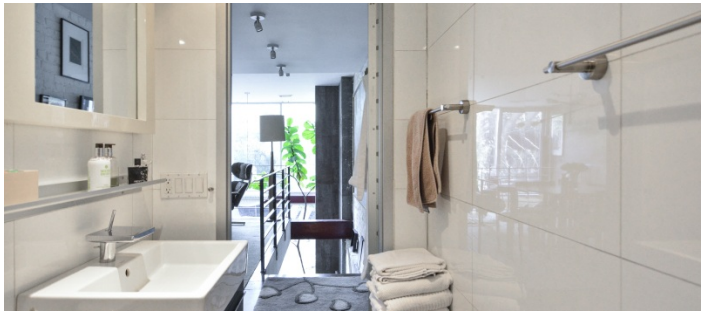

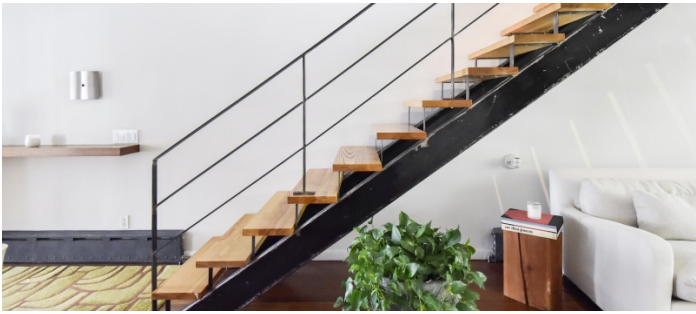

1ST FLOOR (PARLOR)

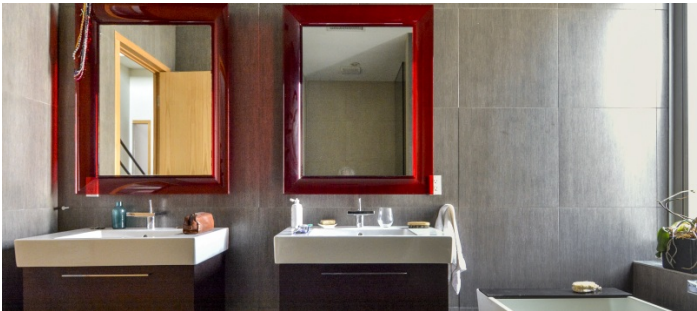

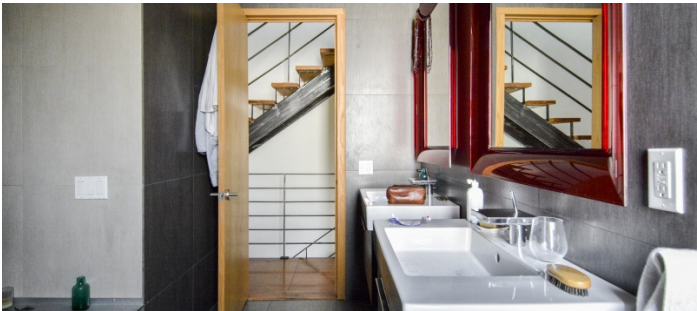

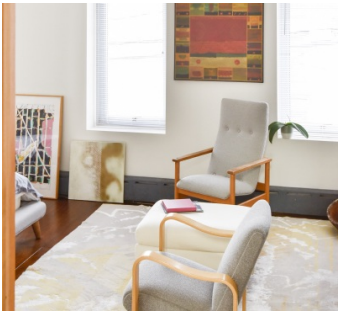

2ND FLOOR
