SPECS
2,500 sq ft
30' ceiling height

\$ POWER
120 amps

CATEGORIES
\* In the Zone, Church

## Notes

A raw 19th century chapel under a slow renovation project, this space is full of original murals, exposed brick textures, pointed arched windows and flaking plaster. It is decommissioned, and no longer a place or worship.

Photography shoots, music videos and commercial content work best.

## Restrictions:

No nailing or painting of walls.
