Notes

Expansive grounds filled with a mix of woodsy areas, newly built swimming pools, renovated athletic fields, picnic areas and a boating lake. Our campgrounds encompass a range of rustic and newly built architecture, wide-open fields and cozy corners in a natural setting.

The stone house residence, built in 1750, can be staged to suit your filming needs from this period.

This is an ideal location to host or film sporting events, picnics, team-building activities, weddings or other special events.

Restrictions:

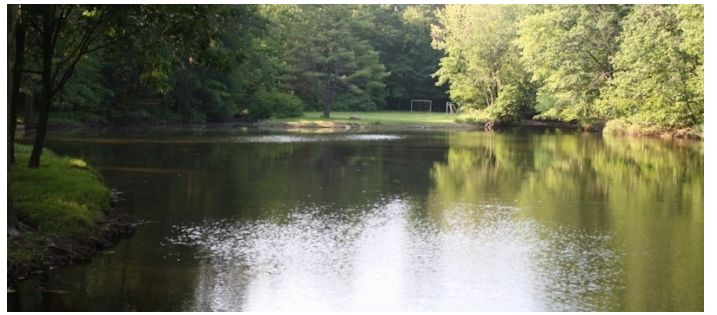

Areas of use must be determined in advance.

No nailing into walls. Requests to paint walls must be approved in advance.

Use of pool requires lifeguard.
