Notes

Normandy residence converted into a manor house in the early 18th century and listed as a “Monument Historique” by the French government.

The property has been tastefully and professionally updated and expanded to include a 1.5 bedroom Manoir and 6-bedroom guest pavilion with four suites with bathrooms en suite, a 6-bed dormitory and a governess room with a shared bathroom.

With its French formal gardens, period vegetable garden, and woodland setting, the property is truly a pastoral paradise. The buildings are set in a walled 4.5 acre estate with a pool, tennis court and outdoor dining area for 22.

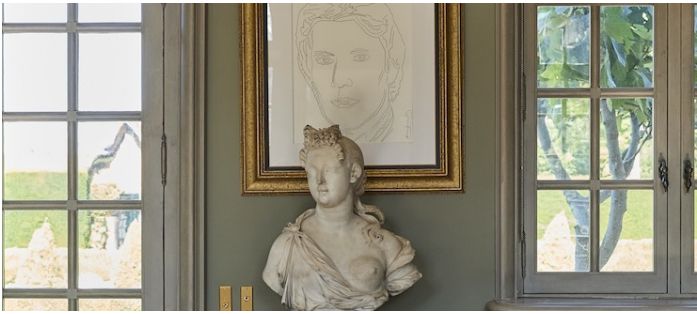

It is a 1.5-2 hour drive from Paris city centre and either Paris airport.
