\* In the Zone, Apartment, Loft

#### Notes

This character-filled 1,400 sq ft SoHo loft with 2nd level mezzanine is a true New York original.

The open layout, 13-foot ceilings, and oversized windows create a naturally bright environment with consistent daylight throughout the day. Exposed architectural details and a clean, flexible floor plan make it easy to reconfigure for multiple looks and camera setups.

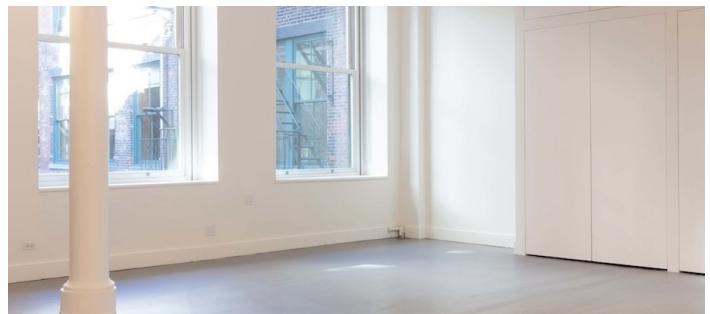

The loft is currently furnished with an authentic 1980s postmodern design featuring Lucite furniture, neon accents, and Italian vintage pieces by Object Permanance.

It's an adaptable, cinematic setting ideal for a variety of productions.

Located in a quiet, elevator building in heart of Soho, it offers easy load-in/out access, zero street noise, and the iconic backdrop of a classic SoHo loft.
