## Notes

Set high above the Hudson River with sweeping, uninterrupted water views, this distinctive modern retreat in Kingston, New York offers a cinematic blend of contemporary design and natural beauty. The property sits on a quiet stretch of the Hudson Valley shoreline, where dramatic skies, changing river light, and mature trees create a striking visual backdrop throughout the day.

The ground floor features a living room with a wood-burning fireplace, and a dining room with a beautiful burl wood dining table, a giant kitchen and a mudroom. 3 bedrooms, 3 baths.

The exposed timbers, huge kitchen, enormous windows and bi-fold doors, deck, high-ceilings and spectacular finishes are one-of-a-kind. And then there's the view!
