Notes

One of the barns is converted into a 4 bedroom guest house.

Crews could stay there overnight.

The big barn is 4000 sq ft and has 20 amp outlets every 8 feet, has couches, a pool table and an air hockey game.

Has tools, an ATV bike, a pick-up truck, a 75 Cadillac convertible, and a friend nearby has a horse farm (beautiful field with 26 horses).

Stores tons of set walls there, some with windows.
