Notes

Beautifully remodeled 4,000 square foot open floor plan Cape Cod house situated on a wooded 2-acre lot with a stream running through the entire property.

The house has 4 bedrooms and 4 baths. The kitchen opens into dining and living rooms filled with natural light; each with their own fireplace. Features refinished hardwood floors throughout and completely repainted interior and exterior, finished basement and large underground storage.

Large slate patio and in-ground saltwater pool, 2-car garage, outdoor greenhouse, and firepit area.

Restrictions:

Master bedroom and bathroom are off-limits.

Prefer no shoes inside; please protect floors and bring shoe covers.

No nailing into or painting of walls.

No food or drink inside.
